SUPPLEMENTARY INFORMATION: This proposal addresses the following local rules: Rule 231, Industrial, Institutional and Commercial Boiler, Steam Generator and Process Heaters, Rule 242, Stationary Internal Combustion Engines, Rule 246, Natural Gas-Fired Water Heaters, and Rule 414, Water Heaters, Boilers and Process Heaters Rated Less Than 1,000,000 BTU per hour. In the Rules and Regulations section of this Federal Register, we are approving these local rules in a direct final action without prior proposal because we believe these SIP revisions are not controversial. If we receive adverse comments, however, we will publish a timely withdrawal of the direct final rule and address the comments in subsequent action based on this proposed rule. Please note that if we receive adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from

the remainder of the rule, we may adopt as final those provisions of the rule that are not the subject of an adverse comment.

We do not plan to open a second comment period, so anyone interested in commenting should do so at this time. If we do not receive adverse comments, no further activity is planned. For further information, please see the direct final action.
